

EMERGING RISKS REQUIRE ENHANCED COVERAGE

COVERAGE BEYOND PROFESSIONAL LIABILITY

OFFERING ROBUST ADMINISTRATIVE DEFENSE AND PRIVACY BREACH EXPENSES COVERAGE

Malpractice suits are not the only reason you need reliable insurance coverage. Our data show that psychiatrists are more likely to face an administrative action than a lawsuit; therefore, you need a policy that protects you in the event of an investigation or civil proceeding from a state licensing board, the federal government or other governmental agency related to HIPAA, billing or another administrative defense issue.

PRMS provides limits for administrative defense which we believe to be higher than any other medical malpractice insurance policy – at no additional cost. We also do not charge deductibles and we handle fees directly so you do not have to pay out of pocket.

*Where allowed by law.

Includes Separate Limits:

\$150K
Licensing Board

\$50K
HIPAA Defense, Fines
and Penalties Coverage*
